

# Carroll County Health Department Offers Low Cost Colorectal Cancer Screening Kits

*A colorectal cancer screening kit is recommended by the CCHD if you check one or more boxes:*

- You have a family history of colorectal cancer
- Are between the ages of 30-50
- Drink more than 3 alcoholic beverages per day
- Have gained more than 10lbs in the past few years
- Have frequent issues with bowel movements or gastrointestinal distress

Call the [Carroll County Health Department](#) (815-244-8855) to learn more about how to be screened for colorectal cancer. Be proactive and get screened today!
